

Native American Scholarship Database for the 2009-10 school year

Created by Tami Johnson - St. Paul School's Indian Education Program - (651) 293-5191 ext. 209

These scholarships are available specifically for Native American high school students. Students should be encouraged to apply to **ALL** other sources of financial aid for which they are eligible. Other Native American scholarships may be available once students are enrolled in a college for a year or more.

Helping students with Tribal Enrollment Questions

Students might need help understanding tribal enrollment procedures or may need to determine if their tribe is federally recognized for scholarship purposes. Here are some links of tribal lists and tribal numbers. Students can call to ask about tribal enrollment process or eligibility; they must know the name and date of birth of the parent or grandparent they believe is enrolled in the tribe. The enrollment process varies and can be frustrating for students to navigate. Counselors, please feel free to call me if you need any consultation on this.

List of Federally Recognized Tribes: <http://www.census.gov/pubinfo/www/FRN02.pdf>

List of Federally Non-recognized Tribes: <http://www.manataka.org/page237.html>

(these may be State recognized and/or terminated tribes that are seeking or have sought Federal recognition)

Common Documentation needed

CIB: Certificate of Indian Blood is a document from the tribe showing the fraction of tribal blood for that member or descendant.

Proof of Tribal Enrollment: Enrollment number or a letter from the tribe with the tribal enrollment number on it. The letter may also include the CIB.

Proof of lineage: In lieu of enrollment, some scholarships will accept 1st or 2nd descendants or lineal descendents. Students will need to prove lineage with birth certificates showing their relationship to the family member who is enrolled, as well as the enrolled member's enrollment number.
